Worship Leaders' Retreat

Hosted By Laity Lodge, Presented by Worship Team Training

Featured Guest: Rita Springer

April 23-26, M-Th 2012. Leakey, Texas (NW of San Antonio)

Take time to get away, unplug and be restored by God in the awe-inspiring river-canyons of the Texas Hill Country. You are so busy pouring your life into others, the question is, who is pouring back into yours?

The retreat is focused purely on restoration and will be facilitated by Mark D. Roberts, Rita Springer and yours truly, Branon Dempsey.

<http://www.laitylodge.org/worship-leaders>

This is not a conference, nor an event that is information driven, but rather a retreat that is restoration driven. This time to get away is uniquely designed to have a some devotionals and worship; but mainly, this experience is to be directed by God, as He leads you in a time of restoration.

We really want you here for this unique and rare opportunity that will significantly impact your life and ministry. Read more of the information below and sign up today. It's time to get away.

What activities take place at the retreat?

Canoeing down the river, hiking through the canyons, swimming in the lake, biking on the off-road trails, coffee in the lodge, quiet times in the library, checking out a book at the on-site bookstore, finding a hammock and taking a nap.

No phones, no tv, no traffic. Out in the middle of nowhere, 60 miles NW of San Antonio in Leakey TX, with landscapes of tall inspiring canyons and crystal blue rivers. For those who need to stay connected, the main Lodge offers wireless internet. We desire your stay to be directed by God and not by a schedule as He restores your soul.

For your lodging, Laity Lodge has fully equipped apartment homes, a full dining hall with a kitchen staff and chef, also the main lodge for assemblies, library, concert hall, bookstore and art museum, outdoor accommodations and dockside rest areas right on the river. It's a great time to get away and unplug!

3. New WTT Youtube Video

<http://www.youtube.com/user/WorshipTeamTraining>

We're back with Andy Park! Like heads and tails, having a capo and knowing what to play can be two different things. In this video, Branon Dempsey shows not only capo voicings, but also how to play creative textures and melodies to create unique harmonic blends. Join us right here for Rehearsal Tool Box

Ian Morgan Cron:

Be sure to check out this week's release of an interview featuring Ian Morgan Cron, speaker, author and pastor on worship. Ian give us a closer look on how we can enrich the worship experiences for the Church and creating more meaningful contexts for liturgy and communion. Hear a bit of Ian's testimony and his ministry. This interview takes place on location at Laguna Beach CA. Also, check out Ian's books:

Dean Markley - Acoustic Amp

<http://www.deanmarkleyamps.com/>

Dean Markley Electronics has been developing amplifiers for decades, starting in the 80s when we made some of the finest and most phenomenal amps ever, including **those venerable tube amps** with the Dean Markley Signature logo on the front. Our UltraSound Acoustic amps are a continuation and improvement of our originals.

In this web site, you'll find the newly reissued all-tube CD-Series lead amps and the 3 exciting DM-Series lead amps. We also include those amps in the press lately that give you **that breathtakingly pure acoustic sound**—the Dean Markley UltraSound line of Acoustic Amps.

Yamaha - Keyboards - MOX

http://usa.yamaha.com/products/music-production/synthesizers/mox_series/?mode=series

For the past decade the MOTIF has been the de facto industry standard in music production synthesizers for both live performance and studio use. Combining MOTIF technology with new USB computer integration technology, the MOX series is the most powerful, mobile and affordable Yamaha music workstation ever. They are destined to bring MOTIF music production power to a whole new generation of players.

The new MOX series combines a MOTIF XS sound engine, a MIDI keyboard controller with extensive DAW and VST control, multi-channel USB audio interfacing, onboard sequencing, and an extensive DAW / VST software bundle. The MOX6 and MOX8 are the most powerful, mobile and affordable Yamaha music workstations ever.

ProSonus - StudioLive

<http://www.presonus.com/>

Sit down at a StudioLive 16.4.2, and you see real hardware Mute and Solo buttons, trim controls, and clearly labeled, individual knobs for the semi-parametric EQ and dynamics processing. The master section—complete with Talkback, Monitor, Cue, and a choice of headphone sources—looks just like the master section on an analog board but with far more power and flexibility. Aux sends have their own controls. Every channel has a big, bright meter display.

Bottom line: if you've ever used an analog mixer, you'll be right at home with a StudioLive 16.4.2. And even if you've never used a mixer before, you'll quickly be able to create quality mixes and recordings. Also, they have an app for iPad as a remote!!

New Virtual StudioLive™ (Mac/Win) and StudioLive Remote (iPad®) let you remote-control StudioLive 16.0.2, 16.4.2, and 24.4.2.

Ministry Spot Topic :: Worship Leadership Pt. 1

When you say/hear the word "worship leadership" what does it mean for you?

Leadership is a universal tool yet a specific calling to each staff or lay leader in the Church. Because most worship leaders are artists, they are more music minded rather than organizational minded.

How can good leadership sense + their artistry be a benefit and more importantly, the people they lead: the band and congregation?

How is good leadership on stage enrich the worship time and beyond the stage?

What are some tangible ways that worship leaders can wear the multi-number of leadership hats and yet remain balanced during this time of false rapture warnings?
