## **2. Worship Team Training Ministry Spot**

**With Special Guest Tony Guerrero**

**"We've Never Played It That Way Before!"**

- a discussion of how far do you go in arranging well-known songs or do you not mess with them at all?

Join Branon and our fabulous returned guest: Tony Guerrero on the brand new Ministry Spot coming up after the Techshop and today's Music Lesson.

Tony will uncover the taboos, yet real reasons for arranging the music for your congregation to increase worship participation. Tony also offers his experience while being on staff at Saddleback Church to help you see arranging from a different yet tangible perspective.

Questions will range from: "how far do you go in arranging well-known songs or do you not mess with them at all?"

to

"Will you lose the older generations if you "mess with" the hymn or will you gain the younger generations in the process?"

Join us for the Part 2 series of the Worship Team Training Ministry Spot entitled:

"We've Never Played It That Way Before!" with Tony Guerrero

**\*Also check out Today's Music Lesson with Branon**

It's Part III of our Guitar Strumming Patterns. Thank you all for tuning in as we've had a great response so far!! And you wanted more, well you got more in this part 3 - encore installment!

Ever get bored of playing the same strumming pattern to every song all the time?? Today, after the Techshop section: Branon will discuss song form and building sections with unique strumming patterns. He will share with you how to maximize the grooves of your songs while building solid playing textures for verses and choruses instead of playing just the same-old-same-old.

So keep it right here to join the Music Lesson with Branon and Ministry Spot with Tony Guerrero.
