## **2. Worship Team Training New Articles**

<http://www.worshipteamtraining.com/ArticlesOnMinistry.html>

Here's a hot topic: How do you handle criticism? Practically everyone can identify with the unexpected and unpredictable events in life - ministry is definitely no exception. Have you ever been caught off guard by people's opinions and comments? How is the level of positive interaction among your worship team? Ministry is made up with people - not programs. People are our greatest asset and our relationships must be handled with care. Read the latest article in our Ministry Section entitled "Handling Criticism," written by Branon Dempsey. He dives into the "tell-it-like-it-is" dealings in ministry and how to safely handle relationships that can better your ministry environment.

Also, be sure to check out our Daily Quotes on the Worship Team Training Facebook site as well as the corresponding articles on our Blog-Devotional Page. Read the new devotional "Just Words,?" which you can find on both the main WTT site and our FB site. Find the link in the show notes.
